

Mohamad Naim KADRI, 29.04.1972
Academic perfusionist, Dip.Eng, PGDip.
University Diploma graduation in Healthy Engineering.
Postgraduate degree in Cardiopulmonary Bypass Science.
Address: [Nonntaler Hauptstr. 37C/4,](#)
[5020 Salzburg, Austria.](#)
naimkadri@hotmail.com **Mobile:** +43 6643759290

ACADEMIC EDUCATION:

- 01/1998-01/2001: 4 years Post-graduate Degree of Cardiopulmonary Bypass Sciences. Albassel Heart Institute. Ministry of Health, Damascus, Syria.
- 1992-1995: 2 years University Graduation Diploma in Healthy Engineering. Damascus University.
- 1991-1992: Secondary School Certification, Ministry Education Damascus.

EXPERIENCE

- **Diakonie Integration House Salzburg**
26 Lehenner Straße, 5020 Salzburg - Austria
01.08. 2016 - 29.07. 2017
Medical Interpreter and Translator, Volunteering integration year.

- **CardioStart International**
6110 Hartford Street. Tampa. FL 33619, USA
24.03.2017 - 08.04.2017
Pediatric Perfusionist, Volunteering medical Mission in Honduras.

- **William Novick Global Cardiac Alliance**
Memphis, TN 38104, USA.
22.08.2015 - 05.09. 2015
Pediatric perfusionist, Volunteering medical Mission in Honduras.

- **William Novick Global Cardiac Alliance**
Memphis, TN 38104, USA. Benghazi Medical Center, Libya.
01.02.2013 - 01.01.2015

Chief Perfusionist locally as well as working alongside with the American team as a pediatric Perfusionist at the same Medical Center. ECMO Specialist training course at Leuven University Hospital, Belgium.

- **Al Bassel Heart Institute, Damascus**
Ministry of Health. 01.01.1998 - 01.02.2013.
Academic Perfusionist. Three years Ongoing educational program with **Cleveland Clinic University, Ohio, USA** (in Correspondence with the Syrian-American Cardiac Society). Three months Training and

EDUCATION & AWARDS

- Feb. 2018 German Language Diplom ÖSD, Level B2.
- 22.11.2016 04.07.2017, 8 months advanced level of medical German Language Course.
- **Austrian Ministry of Health** Official recognition of Qualifications as certified Perfusionist with the condition of 6 months training with oral exam (under processing).
- March 2014: **ECMO/ECLS** specialist training course Leuven University Hospital, **Leuven, Belgium.**
- Feb 2013 to Oct 2014: **Novick Global Cardiac Alliance USA, advanced training program in Pediatric Cardiac Surgery . Libya.**
- June 2007: Medtronic 6th annual Bradyarrhythmia and Pacing Course, Damascus, Syria.
- June 2007: Medtronic 3rd annual Tachyarrhythmia and ICD Course, Damascus, Syria.
- 2004: The 4th international conference and workshop, Al Bassel Heart Institute, Damascus, Syria.
- 2002: The 3rd international conference and workshop, Al Bassel Heart Institute, Damascus, Syria.
- 2001 to 2003: The Syrian American Medical Society, ongoing annually Cardiac Surgery workshops, Cleveland Clinic University, Damascus-Syria.
- 2003: SGS. QMS. ISO 9001 Healthcare Quality Management System. Auditing Certification Course, Damascus-Syria.
- 2001: Certification and training course on basic perfusion sciences, **Royal Brompton & Harefield Hospital. London, UK.**
- 2000: 1st international conference and workshop, Al Bassel Heart Institute, Damascus, Syria.

SKILLS & PROJECTS

Policy and protocol of cardiopulmonary bypass management (ISO 9001).

Appropriately assess patient profile, creating accurate, complete and legible records, and use appropriate equipment /supplies and monitor data based on patient profile.

Recognize and resolve variances and abnormal situations that may arise during CPB, including Product failures,

certification course at **The Royal Brompton & Harefield Hospital in London, UK** with the membership of the Society of Perfusionist of UK & Ireland.

- **Medical Products Marketing Consultant**

Medtronic, Datascope and Aesculap Syria.

01.11.2004 to 31.11.2007

Medical Devices Marketing, Setting, operating and training.

“Part-Time”

- **SGS QMS Swiss, Syria office, part-time.**

Al Bassel Heart Institute, ISO Dept. Damascus.

Internal Auditor in Healthcare Quality Management System ISO 9001.

Head of the Quality Management System Department at the BHI Syria.

Locum Perfusionist, 2006 - 2007

Locum Perfusionist as a total period of One year, working with international teams at Al Hada - Taif Hospital in Taif City, and King Faisal Specialist Hospital & research center in Jeddah, both in **Saudi Arabia.**

LANGUAGES:

- **Arabic:** Native
- **English:** Fluent
- **Deutsch:** B2 ÖSD Certificate
- **French:** basic knowledge

technical and patient incidents, and utilize all kind of safety devices.

Professional communications, including medical record review, Lectures in CPB technique, decisions needed for prime selection, drug and blood additives, and custom pack designations.

Competence in cardiac assist devices VADs, ECMO, IABP, left heart bypass, hyperthermic isolated limb perfusion

Assembles, primes, recirculates and tests the extracorporeal circuit prior to initiation of heart-lung bypass. In consultation with the surgeon, modifies extracorporeal circuit and/or incorporates the use of special equipment to accommodate operative procedure to be performed.

Monitors and observes the operation of the heart-lung machine based on the patient's physiologic parameters, makes adjustments as required to maintain adequate perfusion. Obtains blood samples during procedures.

Responsible for the administration of medications, blood components, and anesthetic agents via the extracorporeal circuit.

Performs advanced blood therapies including PRP, Platelet Gel, MUF, CUF and auto-transfusion.

Health Care Quality Management System, Head of QMS Department ISO 9001.
